LOBBYISTS NOT PERMITTED TO ENTERTAIN LAWMAKERS IN OKLAHOMA.

SENATE AMENDS BILL BY CONN

Discussion of Ladies Being Allowed to Play Cards for Prizes in Homes Is Rather General.

Guthrie, Ok., April 10.—According to an amendment to the house anti-lobby bill offered by Senator Conn of Gans, Ok., and adopted by the Senate today, lobbyists are not at liberty to entertain members of the legislature at theaters or baseball games, nor "engage in any game of chance or amusement" with legislators attending the sessions of the legislature. Violation of this provision of the law is made a felony.

The bill proposes a rigid law against lobbying to influence legislation and the amendment the author stated, reached some of the most popular forms. Lobbyists are required in the bill to call at the governor's office and register, whereupon they are issued a card giving them authority to appear before legislative committees. When the legislature adjourns the lobbyists is also required to file sworn statements of his or her expenses.

After agreeing by a vote of 18 to 17 to accept the house amendment to the anti-gambling bill, making it a misdemeanor to engage in a game of progressive euchre, bridge whist and the like for prizes, by a vote of 20 to 19 the Senate reversed itself and sent the bill to a conference committee. The debate took a wide range, including the ethics of ladies' card clubs. Senator Smith of Duncan held that card games in parlors were but kindergartens for gambling and left a mania which grows with age. He had seen women, he said, go to race tracks and wager bonnets and purses on the result of a race, which he thought was the result of parlor card games. Senator Stewart of Antlers was the main defense today of the ladies indulging in parlor pastimes, who to make it "interesting" he said, usually gave a vase or a plate to the best player.

"You might just as well tell the farmers," he said, "that they can not offer a prize for the best looking baby or the largest pumpkin at the county fair." Announcement of the vote rejecting the house amendment was met with considerable applause, particularly from the galleries and the lobby, where a number of ladies sat.

The general appropriation bill, over which the two houses have been laboring for the past six weeks, carrying an aggregate appropriation of \$475,000 for the state departments, met a peaceful death this afternoon by failure of the houses to agree upon the conference report.

The senate had been holding out for the elimination of the \$1,500 appropriation for the State Oil Inspector under the theory that the office would be abolished by the Echols bill, which had passed the senate. This bill was reported adversely by the house committee on agriculture, the intention being the report stated, to amend the present law, but not to repeal it. Today the senate instructed the conference committee to recede from its position insisting upon killing the appropriation, and when the committee so reported the senate refused to adopt it.

Upon adjournment tonight the senate instructed the appropriation committee to bring in a new appropriation bill which will be done tomorrow morning.

The house will have no session until Monday, when Representative Whitehurst states he will reintroduce the appropriation bill there.

Final passage was obtained in the Senate upon the house bill by Mr. Wilson requiring cotton ginner to brand and number each bale of cotton they gin, and the house joint resolution by Mr. Harrison of Hughes county authorizing a memorial to congress to permit the state to purchase from the Chickasaw and Chickasaws their coal and asphalt lands, comprising what is known as the segregated area.

The house killed the bill by Senator Billups for the appointment of tree

wardens in each township and for the planting and care of shade trees along the public highways. It also adopted the conference report on the tax measure by Representatives Anthony, Hart and Smith, giving to the State Board of equalization authority to levy a tax for state purposes not to exceed 1-2 mills.

Proclamations were issued today for county seat elections in Johnston County and in Cimarron county on June 11. Ravia and Milburn have filed petitions to go on the ticket against Tishomingo, the present county seat in Johnston county. Waupanucka and Mill Creek, it is said, will not be candidates. In Cimarron County, Kenton, Hurley and Willow Bar will be the candidates.

RAILROAD MERGER IS UP TO UNCLE SAM

Office Consolidation of Interstate Carriers Held not State Matter.

Shawnee, Ok., April 10.—Oklahoma's Attorney General will be advised this week by an accredited representative of the United States Interstate Commerce Commission that the Federal government alone has jurisdiction in railroad merger cases wherein the roads are interstate carriers, and that Oklahoma has no jurisdiction of the Rock Island-Frisco merger.

This will probably prove a block to the efforts of Oklahoma to dissolve the Rock Island-Frisco merger in this state.

S. H. Smith of Washington, special agent and attorney of the Interstate Commerce Commission, said:

"I am here for the purpose of conferring with the state officials relative to violations of the interstate commerce laws.

"I desire information preparatory to arranging to take up—at a later date—an investigation, if the facts warrant. I may also look up violations of the anti-trust laws.

"It is my opinion, as at present advised, that the federal government alone has authority over merger matters where the roads are interstate commerce roads."

Mr. Smith comes to Oklahoma at the request of State officials and will confer with Gov. Haskell and Attorney General West relative to the Oklahoma fight against the Rock Island-Frisco merger of interests in this state. He will also investigate violations of law by oil men of Oklahoma and Texas.

KEEP SCHOOL LAND IS ADVICE.

Speaker of Minnesota House of Representatives Advises Oklahoma Lawmakers as to Policy.

Guthrie, Okla., April 10.—According to Hon. L. H. Johnson, speaker of the Minnesota house of representatives, who addressed the Oklahoma legislature yesterday, Minnesota is \$100,000,000 richer by having refused to sell all of the school lands after being admitted as a state. When he was asked in the house what he would advise Oklahoma to do, he replied that if the state retained a major portion of its lands it would, as Minnesota has done, secure the advantage of the increase in value instead of allowing it to go into the hands of speculators.

He declared that \$20,000,000 had been realized on three sale of public school lands, which amount had been preserved through purchase of bonds of southern states, as well as the municipal bonds of Minnesota. The state now owns 3,000,000 acres of public lands, approximately the same as owned by Minnesota.

The minimum price Minnesota accepts for its public lands is \$5 per acre, but when the land is cleared of timber the price will average \$12.50 per acre. Sales are made by public auction, which he said gave the best results.

Mr. Johnson told the legislature how Minnesota brought the iron and steel companies to terms and compelled the location of working plants in

the state instead of witnessing the shipment of 600,000,000 tons of raw material to other states for smelting. Out of the profits of the ore, he said, the corporations were spending about \$60,000,000 annually to the upbuilding of cities beyond its borders. A tonnage tax was levied and in order to lower this the interests agreed to spend \$25,000,000 in smelting plants in Minnesota. He advised the legislature to look well to the taxes upon its natural products, but admonished it not to be unreasonable; that, he explained, might have the effect of forcing the industries away from here.

SHAWNEE PLANS IMPROVEMENTS

Town to Spend About Half a Million in 1908 for Streets, Sidewalks and Sewers.

Shawnee, Ok., April 10.—Shawnee will expend in the neighborhood of \$500,000 in street, sidewalks and sewer building alone during 1908. Sewer extension that will cost \$100,000 is now going on and will be finished in sixty days.

In addition to this the city council has ordered the paving with brick or asphalt 100 blocks of streets in the residence sections, connecting with the asphalt streets in the business section of the city. This work will cost at least \$250,000 and bids for it are all in and will be opened next week.

Cement sidewalks costing not less than \$75,000 have also been ordered.

STATE NORMAL, ADA
5,000 CLUB ROOM FULL OF BUS-
INESS PEOPLE TALKING
STATE NORMAL.

ADA ALWAYS WINS
Is Now a Long Pull, a Hard Pull and
a Pull All Together.

This (Saturday) morning at 10 o'clock in response to a call by President Lucas, 75 or more of Ada's leading business citizens gathered at the Club rooms and discussed the State Normal situation. Several citizens who had lately been to Guthrie, in the interest of the State Normal were called forward and each addressed the meeting strongly and appropriately. Those speaking at some length were, Judges Galbraith, Bolen, McKeel and Furman, and Rev. Rippey, J. W. Davis and W. H. Ebey. One of the speakers referring to the labors of the State committee and our state representatives made particular reference to the splendid and unselfish services of our fellow townsman, Mr. W. H. Ebey. These worthy expressions complimentary to Mr. Ebey were received with enthusiastic and prolonged applause. Several motions were entertained, discussed and some passed looking to the very best organization for the contest. It was determined that Ada's opportunities to secure a great institution for Ada should not be hampered on account of lack of funds to conduct a legitimate and active candidacy before the legislature. It was decided with much enthusiasm, that there should be held at the county court house Monday night a grand band concert rally; the features of this rally will be select musical renditions by Ada's superb band and other musical artists of this city.

The meeting continued in session until the noon hour. W. H. Ebey arrived from Guthrie a short time before adjournment and intensely interested his fellow townsmen by a recount of what could be divulged with propriety of the situation at Guthrie as referred to Ada's ambitions. It was made known that Ada would receive a public hearing from the full committee on public buildings next Tuesday evening; the club selected several to be in Guthrie at this time and represent Ada's interests. Judge Furman, Hon. W. C. Duncan, Rev. Rippey and Judges Galbraith and Bolen if they can attend, will represent Ada before the committee of the legislature.

Much approval and pleasure was expressed by the meeting that A. J. Mossman, Ada's talented building constructor, was in charge of Ada's exhibit at the Ione hotel. It was the unanimous sense of the meeting that Mr. Mossman should remain in Guthrie continuously if possible.

**OKLAHOMA SENATOR TELLS
OF GREAT ADVANCEMENT.**
New State Not Afraid of People's Rule
—Urges Aggressive Efforts to
Throttle Trusts.

Bridgeport, Conn., April 10.—United States Senator Owen of Oklahoma delivered an address today before the Bridgeport Board of Trade. Senator Owen told of the rapid growth of his state and also touched upon national issues. An abstract of his address is as follows:
Oklahoma's rank in the union is twenty-third in population; fifteenth in area; ninth in the production of horses and mules, cotton seed products and corn; seventh in the production of cotton and of the first rank in the quality of its people.
Its population is increasing faster than any other portion of the United States. Just in degree as you have selected and perfected the best ideas from other nations and made them your own, so in Oklahoma have we obtained the most self reliant, the most courageous, the most industrious and faithful sons of other states and welded them into the mass of our citizenship.

In writing the organic law of Oklahoma, our people had before them the constitution of every state in the union and of every civilized country in the world. It was the purpose of the people of our state to establish two things: first, "The people's rule in Oklahoma;" second, in addition to the inalienable rights of life, liberty and the pursuit of happiness, to establish "The enjoyment of the gains of their own industry."

This latter right is today the greatest political issue in the civilized world and one which will not be settled until it is settled right; until the right of some men by combination or monopoly to take away from other men the rewards of their labor shall have been controlled within due bounds.

People's Rule in Oklahoma.
In order to bring this about, the first step was to establish the "people's rule." An in order to establish the "people's rule," the first step necessary was to be assured that the candidate for office was in a willing frame of mind.

The campaign was waged over the country in a large measure over the "initiative and referendum" on the slogan, "let the people rule." Who is there in these days that does not understand the petty rascalities of the machine politics and its disastrous influence over the opinions of men as to the uprightness of our government, and the possibility of upright government. Machine foundation makes almost unavoidably, bad government. It leads most inevitably to the promotion of selfish men, who are in politics purely for selfish purposes, and as a consequence we find that our government has slowly drifted to a point where selfish interests have control of our laws and have established a code of laws by which the greatest principle of the declaration of independence has been made a nullity.

THE BIG BANQUET.

Plenty to Eat, Plenty of Speaking on the Program.

Inadvertently the News failed to give an account of the Laymen's Banquet of Thursday night. We were there, however, and enjoyed it immensely.

Most credit is due the good and never-tiring women of the Methodist church. They prepared as thoroughly and served as gracefully the best five course repast that ever a man encountered. The good things kept coming and from the way those laymen put away course after course it became evident that they had been fasting forty days and forty nights. But if a hearty laugh is good digestive tonic, no one will complain of trouble in this respect, for after dinner speakers in the persons of Goddard, Rippey, Jr., Howell and Kirtley. Their remarks were strong, well selected and well said. They instructed their hearers and entertained them. Bro. Goddard spoke on "The Layman's Movement"; Bro. Rippey the "Brotherhood of Man"; "Harrel, "A Visit With the Governor"; and Kirtley, "Ada's Normal Prospects." Pastor Rippey presided.

The hour was late when the banquet was over, and all who went enjoyed it.

W. H. Ebeys returned from Guthrie this morning where he has been in the interest of Ada in securing the State Normal. Mr. Ebeys feels very hopeful and says whether we get the Normal or not, the advertising Ada is getting and the push and energy of her people will result in good for the town.

State Normal mass meeting at court house Monday evening at 7:30. Band Concert. If you are for Ada, Come.

Several ladies in the city who are graduates of normal schools have been invited to be present at the band concert Monday night, and give their views on state normals. No doubt they will accept and will add to the pleasure of the occasion as well as to the personnel of the audience.

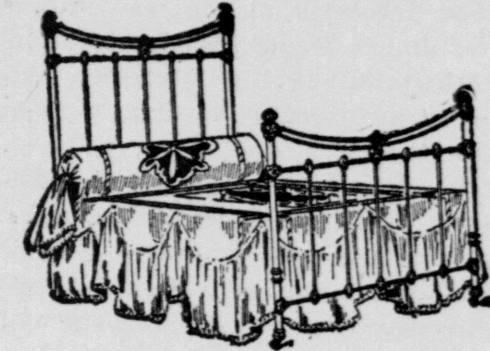

NOW IS THE TIME When you will decide contemplated changes in house furnishings Come In and Figure With Us

Our stock is replete with many desirable articles of furnishings not heretofore carried in stock in our city.

Commensurate With the City's Growth

It is proper that our stock should be made stronger and the demands more carefully considered each year. We Can Better Serve you in Hardware and Furniture than any other firm in Pontotoc County, for we are able to fit you up with a complete outfit of furnishings from the smallest article of hardware to the most expensive article of furniture.

We have just received a splendid selection of Greenland Refrigerators. They come in the enameled as well as the plain. Ten years handling this excellent line has convinced us that there is no more economic refrigerator on the market. The peculiar construction of the walls is such as to guarantee a normal amount of ice wasting—this is a point many do not consider.

We have just received another shipment of these beautiful Vernis Martin beds. They are massive and very attractive, does not require polishing, which makes it more desirable than the brass.

FLOOR COVERINGS

We have received several shipments of Art Squares from the Eastern market. Our last shipment of Axminster 9x12 Rugs are especially rich and beautiful. We will sell these at least ten per cent cheaper than we have seen them on sale in some of our larger cities.

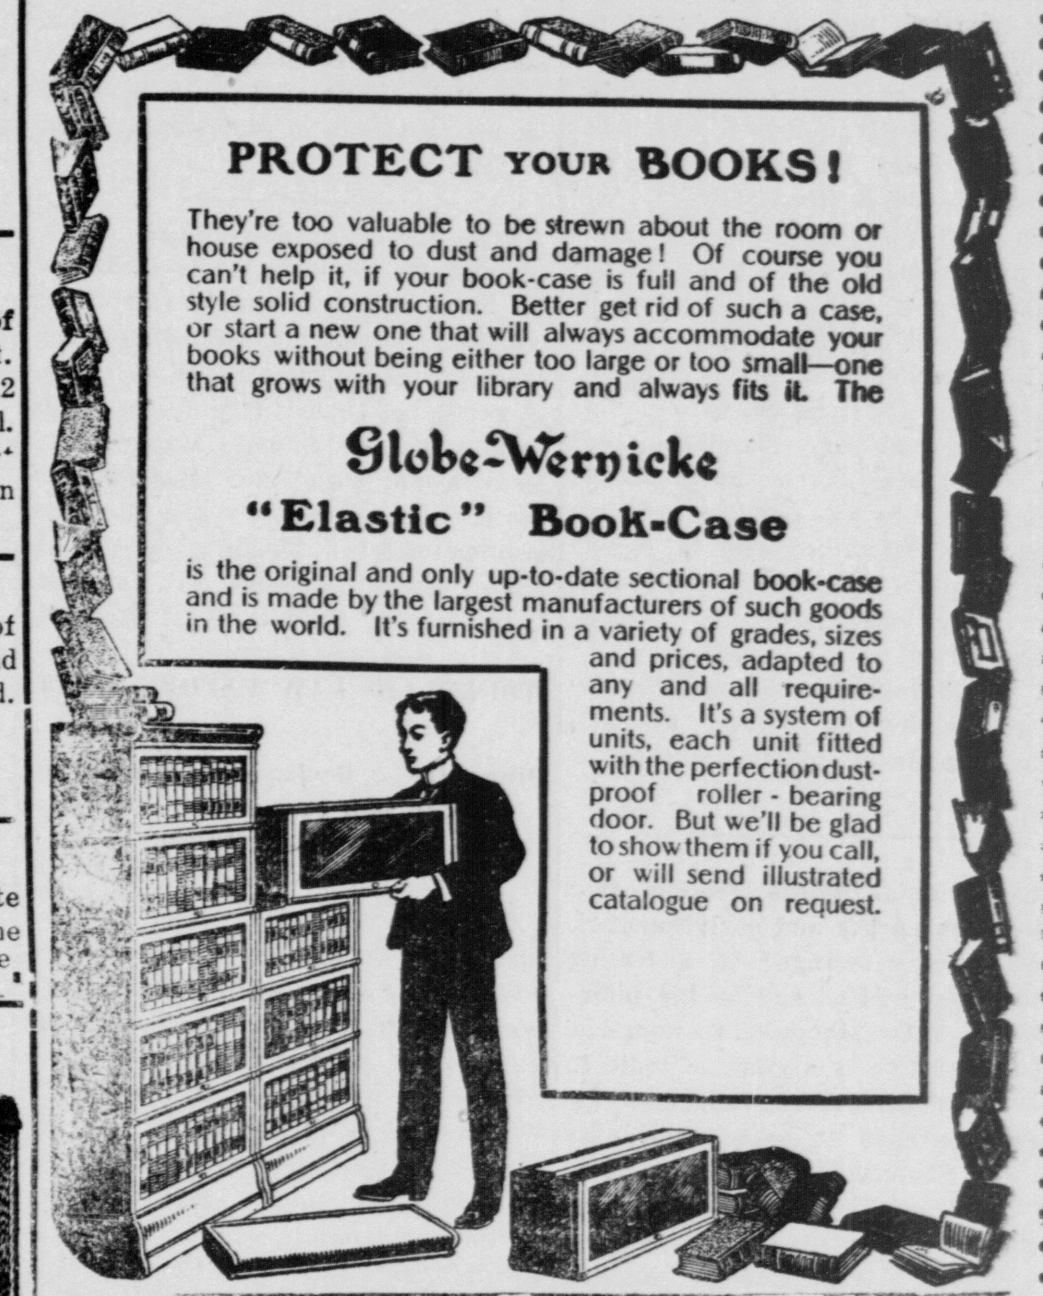

LACE CURTAINS

We have just received a shipment of lace curtains which for beauty and correctness of style cannot be excelled.

Price per pair
\$3 up to \$7

LINOLEUMS

We have the largest and most complete stock of Linoleums and matings in the city. Prices are right—come and see.

PROTECT YOUR BOOKS!

They're too valuable to be strewn about the room or house exposed to dust and damage! Of course you can't help it, if your book-case is full and of the old style solid construction. Better get rid of such a case, or start a new one that will always accommodate your books without being either too large or too small—one that grows with your library and always fits it. The

Globe-Wernicke

"Elastic" Book-Case

is the original and only up-to-date sectional book-case and is made by the largest manufacturers of such goods in the world. It's furnished in a variety of grades, sizes and prices, adapted to any and all requirements. It's a system of units, each unit fitted with the perfection dust-proof roller-bearing door. But we'll be glad to show them if you call, or will send illustrated catalogue on request.

It is being more recognized than in former years that it is just as necessary to have a well furnished kitchen as any other part of the house. Especially is it necessary for the comfort and convenience of those who in this western country are so unfortunate as to be unable to have hired help

CITY OF FIRST CLASS.

Bill Cross, Secretary of State, Presents the News With Beautiful Certified Copy of Governor's Proclamation.

The News is in receipt from Gen. Bill Cross of a certified copy of the Governor's proclamation constituting Ada a city of the first class. The following is the certificate:

Guthrie, Okla., April 9th, 1908.
I, Bill Cross, Secretary of State, do hereby certify that the attached typewritten instrument is a true and correct copy of the PROCLAMATION issued on the 7th day of April, 1908, by C. N. Haskell, Governor of the State of Oklahoma, proclaiming Ada a City of the First Class; and further that the original Proclamation is now on file and a matter of record in this office.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the Great Seal of the State of Oklahoma, at Guthrie, this 9th day of April, 1908.
(SEAL) BILL CROSS,
Secretary of State.

Booster.

While Mr. Ebeys' popularity in Ada has always been coextensive with the number of his acquaintances, his intelligent services in behalf of Ada at Guthrie are begetting for him a place in the people's estimation which is most worthy and becoming of obtainment.

Front.

Hon. W. C. Duncan, who stands among those at the forefront in all undertakings for the good of Ada, was detained from remaining in Guthrie the past week on account of the illness of Mrs. Duncan.

GORE GRABS PRESIDENT

AIRS CAMPAIGN CONTRIBUTION CHARGE—LIABILITY BILL PASSED.

Washington, April 5.—The bill relating to the liability of common carriers by railroads, passed by the house of representatives on April 6, was today passed by the senate without amendment and without a division. It is ready for the president's signature.

Senator Gore of Oklahoma took a hard rap at President Roosevelt during discussion preceding passage of the bill, which embraced extended references to campaign contributions by railroad men and especially to the Harriman contribution to the Republican party fund of 1904.

Taking a letter from his pocket, Senator Gore said he wished to read it as throwing light upon the subject under consideration. The paper proved to be a copy of a letter dated October 14, 1904, recently published, which began, "My Dear Harriman" and was signed, "Theodore Roosevelt."

Mr. Gallinger, addressing his question to Mr. Bacon, asked if he thought it was right to introduce the name of the president in this debate. "I am not responsible," said Mr. Bacon, "for bringing in the president."

Mr. Gore quickly responded that he did not think the president should write a letter he was unwilling to have read. Later Mr. Gore said in regard to the Roosevelt-Harriman letter that he was responsible for the reading of the letter to the senate.

"I would rather be responsible for the reading of that letter," he said, "than responsible for the writing of it."

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative. The Restorative is a genuine tonic to tired, run-down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oft-times weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by G. M. Ramsey.

FACULTIES SELECTED BY BOARD

REGENTS ANNOUNCE FULL LIST OF EDUCATORS IN STATE NORMAL SCHOOLS.

Guthrie, Okla., April 4.—During the session of the state board of normal school regents held here a complete faculty was chosen for each of the three state normal schools. Both democrats and republicans have been employed, the board exercising its judgment upon a basis of qualifications rather than upon political bias. The presidents, vice presidents and teachers are among the best of teaching fraternity and their special training in the departments assigned to them guarantees to the state a regime of superior merit.

Presidents Walter L. Ross of the Northwestern Normal at Alva, and J. F. Sharp of the Southwestern Normal at Weatherford are retained and J. A. McLaughlin of Mangum is selected as president of the state normal at Edmond.

Piles are easily and quickly checked with Dr. Shoop's Magis Ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen painful, bleeding or itching piles either external or internal. Large jar 50c. Sold by G. M. Ramsey.

WOULD AID LAW ENFORCEMENT.

Dinwiddie Declares Anti-Saloon League Will Back State, County and Municipal Officials.

Oklahoma City, Ok., April 5.—Enforcement by the state, county and city officials of the prohibition law will be backed up by the anti-saloon league all over the state and a permanent organization will be maintained until the fight is won, according to E. C. Dinwiddie, executive head of the prohibitions forces in the state.

"The anti-saloon league won't have to hire any special detectives or lawyers to win the prohibition enforcement fight in Oklahoma. The state league will do all that and the anti-saloon league will simply back up the officers," said Dinwiddie today. "The fight is a warm one and the anti-saloon league will not discontinue headquarters nor leave the field until the fight is won. I have been asked to take charge of the active

wirk of the campaign, and expect to accept. Rev. J. J. Thompson, superintendent of the western division of the league, and Rev. Sweet, who held a like position, is in the eastern part of the state, have resigned, and only one general office will be maintained." The executive board met here today to plan a campaign.

TAFT MENTIONS BRYAN: CHEERS.

Louisville Audience of Secretary-Candidate-Prospective Gives Applause to Name of Nebraskan.

Louisville, Ky., April 10.—Secretary of War Taft ended an eventful and busy five hours in Louisville by a speech tonight at the Hopkins theater. The secretary arrived in Louisville at 2:50 p. m. and after a rapid ride down town from Crescent Hill was given a public reception at the Galt House. After dinner at the residence of Hon. Marshall Bullett, the secretary addressed an overflow meeting in front of the theater.

"We have before us," said the Secretary, "a campaign presenting many serious issues. Some others are not so important, but are being kept alive by the gentleman who, I presume, will head the democratic column. Mr. Bryan, I presume, speaks for the democratic party."

At the mention of Mr. Bryan's name there was vigorous applause. When they had become quiet Secretary Taft smilingly said:

"I am glad to note that there appears to be a number of democrats disguised as followers of Mr. Bryan in the house. I hope they will stay and hear a little sound doctrine."

Amid laughter and cheers the secretary then launched into a discussion of the policies of McKinley and Roosevelt administrations in regard to the acquisition and government of the Philippines, and other colonies acquired as a result of the Spanish American war.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made. A perfect, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I can cure all curable cases of this heretofore much dreaded disease. Those and the granular wastes, found in Rheumatic blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. LOBBYISTS NOT PERMITTED TO ENTERTAIN LAWMAKERS IN OKLAHOMA.

SENATE AMENDS BILL BY CONN

Discussion of Ladies Being Allowed to Play Cards for Prizes in Homes Is Rather General.

Guthrie, Ok., April 10.—According to an amendment to the house anti-lobby bill offered by Senator Conn of Gans, Ok. and adopted by the Senate today, lobbyists are not at liberty to entertain members of the legislature at theaters or baseball games, nor engage in any game of chance or amusement with legislators attending the sessions of the legislature. Violation of this provision of the law is made a felony.

The bill proposes a rigid law against lobbying to influence legislation and the amendment the author stated, reached some of the most popular forms. Lobbyists are required in the bill to call at the governor's office and register, whereupon they are issued a card giving them authority to appear before legislative committees. When the legislature adjourns the lobbyists is also required to file sworn statements of his or her expenses.

After agreeing by a vote of 13 to 17 to accept the house amendment to the anti-gambling bill, making it a misdemeanor to engage in a game of progressive euchre, bridge whist and the like for prizes by a vote of 20 to 19 the Senate reversed its 17 and sent the bill to a conference committee. The debate took a wide range including the ethics of ladies' card clubs. Senator Smith of Duncan held that card games in parlors were but kindergartens for gambling and left a mania which grows with age. He had seen women he said go to race tracks and wager bennets and purses on the result of a race which he thought was the result of parlor card games. Senator Stewart of Antlers was the main defense today of the ladies indulging in parlor pastimes who to make it interesting he said usually gave a vase or a plate to the best player.

You might just as well tell the farmer, he said, that they can not offer a prize for the best looking hilly or the largest pumpkin at the county fair. Announcement of the vote rejecting the house amendment was met with considerable applause particularly from the galleries and the lobby, where a number of ladies sat.

The general appropriation bill over which the two houses have been laboring for the past six weeks, carrying an aggregate appropriation of \$175,000 for the state departments met a peaceful death this afternoon by failure of the houses to agree upon the conference report.

The senate had been holding out for the elimination of the \$1500 appropriation for the State Oil Inspector under the theory that the office would be abolished by the Echols bill which had passed the senate. This bill was reported adversely by the house committee on agriculture the intention being the report stated to amend the present law, but not to repeal it. Today the senate instructed the conference committee to recede from its position insisting upon killing the appropriation, and when the committee so reported the senate refused to adopt it.

Upon adjournment tonight the senate instructed the appropriation committee to bring in a new appropriation bill which will be done tomorrow morning.

The house will have no session until Monday, when Representative Whitehurst states he will reintroduce the appropriation bill there.

Final passage was obtained in the Senate upon the house bill by Mr. Wilson requiring cotton ginners to brand and number each bale of cotton they gin, and the house left resolution by Mr. Harrison of Hughes county authorizing a memorial to congress to permit the state to purchase from the Chickasaw and Chickasaws their coal and asphalt lands, comprising what is known as the segregated area.

The house killed the bill by Senator Billups for the appointment of tree

wardens in each township and for the planting and care of shade trees along the public highways. It also adopted the conference report on the tax measure by Representatives Anthony, Hart and Smith, giving to the State Board of equalization authority to levy a tax for state purposes not to exceed 1 1/2 mills.

Proclamations were issued today for county seat elections in Johnston County and in Cimarron county on June 11. Ravla and Milburn have filed petitions to go on the ticket against Tishomingo, the present county seat in Johnston county. Waupauksa and Mill Creek, it is said, will not be candidates in Cimarron county. Kenton, Hurley and Willow Bar will be the candidates.

RAILROAD MERGER IS UP TO UNCLE SAM

Office Consolidation of Interstate Carriers Held not State Matter.

Shawnee, Ok., April 10.—Oklahoma's Attorney General will be advised this week by an accredited representative of the United States Interstate Commerce Commission that the Federal government alone has jurisdiction in railroad merger cases wherein the roads are interstate carriers, and that Oklahoma has no jurisdiction of the Rock Island-Frisco merger.

This will probably prove a block to the efforts of Oklahoma to dissolve the Rock Island-Frisco merger in this state.

S. H. Smith of Washington, special agent and attorney of the Interstate Commerce Commission, said:

I am here for the purpose of conferring with the state officials relative to violations of the interstate commerce laws.

I desire information preparatory to arranging to take up—at a later date—an investigation of the facts warrant. I may also look up violations of the anti-trust laws.

It is my opinion as at present advised that the federal government alone has authority over merger matters where the roads are interstate commerce roads.

Mr. Smith comes to Oklahoma at the request of State officials and will confer with Gov. Haskell and Attorney General West relative to the Oklahoma fight against the Rock Island-Frisco merger of interests in this state. He will also investigate violations of law by oil men of Oklahoma and Texas.

KEEP SCHOOL LAND IS ADVICE.

Speaker of Minnesota House of Representatives Advises Oklahoma Lawmakers as to Policy.

Guthrie, Okla., April 10.—According to Hon. L. H. Johnson, speaker of the Minnesota house of representatives who addressed the Oklahoma legislature yesterday, Minnesota is \$100,000,000 richer by having refused to sell all of the school lands after being admitted as a state. When he was asked in the house what he would advise Oklahoma to do he replied that if the state retained a major portion of its lands it would as Minnesota has done secure the advantage of the increase in value instead of allowing it to go into the hands of speculators.

He declared that \$20,000,000 had been realized on three sale of public school lands which amount had been preserved through purchase of bonds of southern states as well as the municipal bonds of Minnesota. The state now owns 3,000,000 acres of public lands, approximately the same as owned by Minnesota.

The minimum price Minnesota accepts for its public lands is \$5 per acre, but when the land is cleared of timber the price will average \$12.50 per acre. Sales are made by public auction, which he said gave the best results.

Mr. Johnson told the legislature how Minnesota brought the iron and steel companies to terms and compelled the location of working plants in

the state instead of witnessing the shipment of 600,000,000 tons of raw material to other states for smelting. Out of the profits of the ore he said the corporations were spending about \$60,000,000 annually to the upbuilding of cities beyond its borders. A tonnage tax was levied and in order to lower this the interests agreed to spend \$25,000,000 in smelting plants in Minnesota. He advised the legislature to look well to the taxes upon its natural products but admonished it not to be unreasonable that he explained might have the effect of forcing the industries away from here.

SHAWNEE PLANS IMPROVEMENTS

Town to Spend About Half a Million in 1908 for Streets, Sidewalks and Sewers.

Shawnee, Ok., April 10.—Shawnee will expend in the neighborhood of \$500,000 in street, sidewalks and sewer building alone during 1908. Sewer extension that will cost \$100,000 is now going on and will be finished in sixty days.

In addition to this the city council has ordered the paving with brick or asphalt 100 blocks of streets in the residence sections, connecting with the asphalt streets in the business section of the city. This work will cost at least \$250,000 and bids for it are all in and will be opened next week.

Cement sidewalks costing not less than \$75,000 have also been ordered.

STATE NORMAL, ADA

CLUB ROOM FULL OF BUSINESS PEOPLE TALKING STATE NORMAL.

ADA ALWAYS WINS

Is Now a Long Pull, a Hard Pull and a Pull All Together.

This (Saturday) morning at 10 o'clock in response to a call by President Lucas, 75 or more of Ada's leading business citizens gathered at the club rooms and discussed the State Normal situation. Several citizens who had lately been to Guthrie, in the interest of the State Normal were called forward and each addressed the meeting strongly and appropriately. Those speaking at some length were, Judges Galbraith, Bolen, McKeel and Furman, and Rev. Rippey, J. W. Davis and W. H. Ebey. One of the speakers referring to the labors of the Ada committee and our state representatives made particular reference to the splendid and unselfish services of our fellow townsman, Mr. W. H. Ebey. These worthy expressions complimentary to Mr. Ebey were received with enthusiastic and prolonged applause. Several motions were entertained, discussed and some passed looking to the very best organization for the contest. It was determined that Ada's opportunities to secure a great institution for Ada should not be hampered on account of lack of funds to conduct a legitimate and active candidacy before the legislature. It was decided with much enthusiasm, that there should be held at the county court house Monday night a grand and concert rally the features of this rally will be select musical renditions by Ada's superb band and other musical artists of this city.

The meeting continued in session until the noon hour. W. H. Ebey arrived from Guthrie a short time before adjournment and intensely interested his fellow townsman by a recital of what could be divulged with propriety of the situation at Guthrie as referred to Ada's ambitions. It was made known that Ada would receive a public hearing from the full committee on public buildings next Tuesday evening, the club selected several to be in Guthrie at this time and represent Ada's interests. Judge Furman, Hon. W. C. Duncan, Rev. Rippey and Judges Galbraith and Bolen if they can attend, will represent Ada before the committee of the legislature.

Much approval and pleasure was expressed by the meeting that A. J. Mossman, Ada's talented building constructor, was in charge of Ada's exhibit at the Ione hotel. It was the unanimous sense of the meeting that Mr. Mossman should remain in Guthrie continuously if possible.

The best we can say of the Patricia Wright company is, they increased their business every night here. New plays, with the best of comedy and specialties is what Mr. Wright gave us and the houses were well filled. The Republican, Emporia, Kansas Ada, April 13.

OKLAHOMA SENATOR TELLS OF GREAT ADVANCEMENT.

New State Not Afraid of People's Rule — Urges Aggressive Efforts to Throttle Trusts.

Bridgeport, Conn., April 10 — United States Senator Owen of Oklahoma delivered an address today before the Bridgeport Board of Trade. Senator Owen told of the rapid growth of his state and also touched upon national issues. An abstract of his address is as follows:

Oklahoma's rank in the union is twenty-third in population, fifteenth in area; ninth in the production of horses and mules, cotton seed products and corn; seventh in the production of cotton and of the first rank in the quality of its people.

Its population is increasing faster than any other portion of the United States. Just in degree as you have selected and perfected the best ideas from other nations and made them your own, so in Oklahoma have we obtained the most self-reliant, the most courageous, the most industrious and faithful sons of other states and welded them into the mass of our citizenship.

In writing the organic law of Oklahoma, our people had before them the constitution of every state in the union and of every civilized country in the world. It was the purpose of the people of our state to establish two things: first, "The people's rule in Oklahoma;" second, in addition to the inalienable rights of life, liberty and the pursuit of happiness, to establish "The enjoyment of the gains of their own industry."

This latter right is today the greatest political issue in the civilized world and one which will not be settled until it is settled right, until the right of some men by combination or monopoly to take away from other men the rewards of their labor shall have been controlled within due bounds.

People's Rule in Oklahoma.

In order to bring this about the first step was to establish the "people's rule." An in order to establish the "people's rule" the first step necessary was to be assured that the candidate for office was in a willing frame of mind.

The campaign was waged over the country in a large measure over the "initiative and referendum" on the slogan, "let the people rule." Who is there in these days that does not understand the petty rascalities of the machine politics and its disastrous influence over the opinions of men as to the uprightness of our government, and the possibility of upright government. Machine foundation makes almost unavoidably, bad government. It leads most inevitably to the promotion of selfish men, who are in politics purely for selfish purposes, and as a consequence we find that our government has slowly drifted to a point where selfish interests have control of our laws and have established a code of laws by which the greatest principle of the declaration of independence has been made a nullity.

THE BANQUET

Philly to Ex. Philly of Speaking on the Program.

Inadvertently the News failed to give an account of the Laymen's Banquet of Thursday night. We were there, however, and enjoyed it immensely.

Most credit is due the good and never-failing women of the Methodist church. They prepared as thoroughly and served as gracefully the best five course repast that ever a man encountered. The good things kept coming and from the way those laymen put away course after course it became evident that they had been fasting forty days and forty nights. But if a hearty laugh is good digestive tonic, no one will complain of trouble in this respect, for after dinner speakers in the persons of Goddard, Rippey, Jr., Howell and Kirtley. Their remarks were strong, well selected and well said. They instructed their hearers and entertained them. Bro. Goddard spoke on "The Layman's Movement"; Bro. Rippey the "Brotherhood of Man"; "Harrel," "A Visit With the Governor"; and Kirtley, "Ada's Normal Prospects." Pastor Rippey presided.

The hour was late when the banquet was over, and all who went enjoyed it.

REGENTS ANNOUNCE FULL LIST OF EDUCATORS IN STATE NORMAL SCHOOLS.

Guthrie, Okla., April 1.—During the session of the state board of normal school regents held here a complete faculty was chosen for each of the three state normal schools. Both democrats and republicans have been employed, the board exercising its judgment upon a basis of qualifications rather than upon political bias. The presidents, vice presidents and teachers are among the best of teaching fraternity and their special training in the departments assigned to them guarantees to the state a regime of superior merit.

Presidents Walter E. Ross of the Northwestern Normal at Alva, and J. F. Sharp of the Southwestern Normal at Weatherford are retained and J. A. McLaughlin of Mahanog is selected as president of the state normal at Edmond.

Dinwiddie Declares Anti-Saloon League Will Back State, County and Municipal Officials.

Oklahoma City, Ok., April 1.—Enforcement by the state, county and city officials of the prohibition law will be backed up by the anti-saloon league all over the state and a permanent organization will be maintained until the fight is won according to E. C. Dinwiddie, executive head of the prohibitions forces in the state.

The anti-saloon league won't have to hire any special detectives or lawyers to win the prohibition enforcement fight in Oklahoma. The state league will do all that and the anti-saloon league will simply back up the officers, said Dinwiddie today. The fight is a warm one and the anti-saloon league will not discontinue headquarters nor leave the field until the fight is won. I have been asked to take charge of the fight.

work of the campaign, and expect to accept. Rev. J. J. Thompson, superintendent of the western division of the league, and Rev. TAFT MENTIONS BRYAN: CHEERS.

Louisville Audience of Secretary-Candidate-Prospective Gives Applause to Name of Nebraskan.

Louisville, Ky., April 10.—Secretary of War Taft ended an eventful and busy five hours in Louisville by a speech tonight at the Hopkins theater. The secretary arrived in Louisville at 2:50 p. m. and after a rapid ride down town from Crescent Hill was given a public reception at the Galt House. After dinner at the residence of Hon. Marshall Bullitt, the secretary addressed an overflow meeting in front of the theater.

"We have before us," said the Secretary, "a campaign presenting many serious issues. Some others are not so important, but are being kept alive by the gentleman who, I presume, will head the democratic column Mr. Bryan. I presume speaks for the democratic party."

At the mention of Mr. Bryan's name there was vigorous applause. When they had become quiet Secretary Taft smilingly said: "I am glad to note that there appears to be a number of democrats disguised as followers of Mr. Bryan in the house. I hope they will stay and hear a little sound doctrine."

Amid laughter and cheers the secretary then launched into a discussion of the policies of McKinley and Roosevelt administrations in regard to the acquisition and government of the Philippines, and other colonial acquisitions as a result of the Spanish American war.

Rheumatism

I have found a tried and tested cure for Rheumatism. Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn heavy growths back to flesh again. That is impossible. But I can now surely rid the system and cause this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfect, dependable prescription. Without that last ingredient I successfully treated many cases of Rheumatism but now, with it, I can firmly cure all curable cases of this horrible, much dreaded disease. Those who use the genuine vesicle, found in Rheumatic Blood, seem to draw it freely from the system, and the color of Rheumatism is gone forever. It is a real need—no normal person is free from it. We sell, and recommend it.

REGENTS ANNOUNCE FULL LIST OF EDUCATORS IN STATE NORMAL SCHOOLS.

Guthrie, Okla., April 1.—During the session of the state board of normal school regents held here a complete faculty was chosen for each of the three state normal schools. Both democrats and republicans have been employed, the board exercising its judgment upon a basis of qualifications rather than upon political bias. The presidents, vice presidents and teachers are among the best of teaching fraternity and their special training in the departments assigned to them guarantees to the state a regime of superior merit.

Presidents Walter E. Ross of the Northwestern Normal at Alva, and J. F. Sharp of the Southwestern Normal at Weatherford are retained and J. A. McLaughlin of Mahanog is selected as president of the state normal at Edmond.

Dinwiddie Declares Anti-Saloon League Will Back State, County and Municipal Officials.

Oklahoma City, Ok., April 1.—Enforcement by the state, county and city officials of the prohibition law will be backed up by the anti-saloon league all over the state and a permanent organization will be maintained until the fight is won according to E. C. Dinwiddie, executive head of the prohibitions forces in the state.

The anti-saloon league won't have to hire any special detectives or lawyers to win the prohibition enforcement fight in Oklahoma. The state league will do all that and the anti-saloon league will simply back up the officers, said Dinwiddie today. The fight is a warm one and the anti-saloon league will not discontinue headquarters nor leave the field until the fight is won. I have been asked to take charge of the fight.

TAFT MENTIONS BRYAN: CHEERS.

Louisville Audience of Secretary-Candidate-Prospective Gives Applause to Name of Nebraskan.

Louisville, Ky., April 10.—Secretary of War Taft ended an eventful and busy five hours in Louisville by a speech tonight at the Hopkins theater. The secretary arrived in Louisville at 2:50 p. m. and after a rapid ride down town from Crescent Hill was given a public reception at the Galt House. After dinner at the residence of Hon. Marshall Bullitt, the secretary addressed an overflow meeting in front of the theater.

"We have before us," said the Secretary, "a campaign presenting many serious issues. Some others are not so important, but are being kept alive by the gentleman who, I presume, will head the democratic column Mr. Bryan. I presume speaks for the democratic party."

At the mention of Mr. Bryan's name there was vigorous applause. When they had become quiet Secretary Taft smilingly said: "I am glad to note that there appears to be a number of democrats disguised as followers of Mr. Bryan in the house. I hope they will stay and hear a little sound doctrine."

Amid laughter and cheers the secretary then launched into a discussion of the policies of McKinley and Roosevelt administrations in regard to the acquisition and government of the Philippines, and other colonial acquisitions as a result of the Spanish American war.

LOBBYISTS NOT PERMITTED TO ENTERTAIN LAWMAKERS IN OKLAHOMA.

SENATE AMENDS BILL BY CONN

Discussion of Ladies Being Allowed to Play Cards for Prizes in Homes Is Rather General.

Guthrie, Ok., April 10.—According to an amendment to the house anti-lobby bill offered by Senator Conn of Gans, Ok. and adopted by the Senate today, lobbyists are not at liberty to entertain members of the legislature at theaters or baseball games, nor engage in any game of chance or amusement with legislators attending the sessions of the legislature. Violation of this provision of the law is made a felony.

The bill proposes a rigid law against lobbying to influence legislation and the amendment the author stated, reached some of the most popular forms. Lobbyists are required in the bill to call at the governor's office and register, whereupon they are issued a card giving them authority to appear before legislative committees. When the legislature adjourns the lobbyists is also required to file sworn statements of his or her expenses.

After agreeing by a vote of 18 to 17 to accept the house amendment to the anti-gambling bill, making it a misdemeanor to engage in a game of progressive euchre bridge whist and the like for prizes by a vote of 20 to 19 the Senate reversed its 18 and sent the bill to a conference committee. The debate took a wide range including the ethics of ladies' card clubs. Senator Smith of Duncan held that card games in parlors were but kindergartens for gambling and left a mania which grows with age. He had seen women he said go to race tracks and wager bonnets and muscins on the result of a race which he thought was the result of parlor card games. Senator Stewart of Antlers was the main defense today of the ladies indulging in parlor pastimes who to make it interesting he said usually gave a vase or a plate to the best player.

You might just as well tell the farmer, he said that they can not offer a prize for the best looking baby or the largest pumpkin at the county fair. Announcement of the vote rejecting the house amendment was met with considerable applause particularly from the galleries and the lobby, where a number of ladies sat.

The general appropriation bill over which the two houses have been laboring for the past six weeks, carrying an aggregate appropriation of \$475,000 for the state departments met a peaceful death this afternoon by failure of the houses to agree upon the conference report.

The senate had been holding out for the elimination of the \$1500 appropriation for the State Oil Inspector under the theory that the office would be abolished by the Echols bill which had passed the senate. This bill was reported adversely by the house committee on agriculture the intention being the report stated to amend the present law, but not to repeal it. Today the senate instructed the conference committee to recede from its position insisting upon killing the appropriation, and when the committee so reported the senate refused to adopt it.

Upon adjournment tonight the senate instructed the appropriation committee to bring in a new appropriation bill which will be done tomorrow morning.

The house will have no session until Monday, when Representative Whitehurst states he will reintroduce the appropriation bill there.

Final passage was obtained in the Senate upon the house bill by Mr. Wilson requiring cotton ginner to brand and number each bale of cotton they gin, and the house joint resolution by Mr. Harrison of Hughes county authorizing a memorial to congress to permit the state to purchase from the Chickasaws and Chickasaws their coal and asphalt lands, comprising what is known as the segregated area.

The house killed the bill by Senator Bluffs for the appointment of tree

wardens in each township and for the planting and care of shade trees along the public highways. It also adopted the conference report on the tax measure by Representatives Anthony, Hart and Smith, giving to the State Board of equalization authority to levy a tax for state purposes not to exceed 1-2 mills.

Proclamations were issued today for county seat elections in Johnston County and in Cimarron county on June 11. Ravla and Milburn have filed petitions to go on the ticket against Tishomingo, the present county seat in Johnston county. Waipanucka and Mill Creek, it is said, will not be candidates. In Cimarron County, Kenton, Hurley and Willow Bar will be the candidates.

RAILROAD MERGER IS UP TO UNCLE SAM

Office Consolidation of Interstate Carriers Held Not State Matter.

Shawnee, Ok., April 10.—Oklahoma's Attorney General will be advised this week by an accredited representative of the United States Interstate Commerce Commission that the Federal government alone has jurisdiction in railroad merger cases wherein the roads are interstate carriers, and that Oklahoma has no jurisdiction of the Rock Island-Frisco merger.

This will probably prove a block to the efforts of Oklahoma to dissolve the Rock Island-Frisco merger in this state.

S. H. Smith of Washington, special agent and attorney of the Interstate Commerce Commission, said:

I am here for the purpose of conferring with the state officials relative to violations of the interstate commerce laws.

I desire information preparatory to arranging to take up—at a later date—an investigation if the facts warrant. I may also look up violations of the anti-trust laws.

It is my opinion as at present advised that the federal government alone has authority over merger matters where the roads are interstate commerce roads.

Mr. Smith comes to Oklahoma at the request of State officials and will confer with Gov. Haskell and Attorney General West relative to the Oklahoma fight against the Rock Island-Frisco merger of interests in this state. He will also investigate violations of law by oil men of Oklahoma and Texas.

KEEP SCHOOL LAND IS ADVICE.

Speaker of Minnesota House of Representatives Advises Oklahoma Lawmakers as to Policy.

Guthrie, Okla., April 10.—According to Hon. L. H. Johnson speaker of the Minnesota house of representatives who addressed the Oklahoma legislature yesterday Minnesota is \$100,000,000 richer by having refused to sell all of the school lands after being admitted as a state. When he was asked in the house what he would advise Oklahoma to do he replied that if the state retained a major portion of its lands it would as Minnesota has done secure the advantage of the increase in value instead of allowing it to go into the hands of speculators.

He declared that \$20,000,000 had been realized on the sale of public school lands which amount had been preserved through purchase of bonds of southern states as well as the municipal bonds of Minnesota. The state now owns 3,000,000 acres of public lands, approximately the same as owned by Minnesota.

The minimum price Minnesota accepts for its public lands is \$5 per acre, but when the land is cleared of timber the price will average \$12.50 per acre. Sales are made by public auction, which he said gave the best results.

Mr. Johnson told the legislature how Minnesota brought the iron and steel companies to terms and compelled the location of working plants in

the state instead of witnessing the shipment of 600,000,000 tons of raw material to other states for smelting. Out of the profits of the ore he said the corporations were spending about \$60,000,000 annually to the upbuilding of cities beyond its borders. A tonnage tax was levied and in order to lower this the interests agreed to spend \$25,000,000 in smelting plants in Minnesota. He advised the legislature to look well to the taxes upon its natural products but admonished it not to be unreasonable that he explained might have the effect of forcing the industries away from here.

SHAWNEE PLANS IMPROVEMENTS

Town to Spend About Half a Million in 1908 for Streets, Sidewalks and Sewers.

Shawnee, Ok., April 10.—Shawnee will expend in the neighborhood of \$500,000 in street, sidewalks and sewer building alone during 1908. Sewer extension that will cost \$100,000 is now going on and will be finished in sixty days.

In addition to this the city council has ordered the paving with brick or asphalt 100 blocks of streets in the residence sections, connecting with the asphalt streets in the business section of the city. This work will cost at least \$250,000 and bids for it are all in and will be opened next week.

Cement sidewalks costing not less than \$75,000 have also been ordered.

STATE NORMAL, ADA

CLUB ROOM FULL OF BUSINESS PEOPLE TALKING STATE NORMAL.

ADA ALWAYS WINS

Is Now a Long Pull, a Hard Pull and a Pull All Together.

This (Saturday) morning at 10 o'clock in response to a call by President Lucas, 75 or more of Ada's leading business citizens gathered at the club rooms and discussed the State Normal situation. Several citizens who had lately been to Guthrie, in the interest of the State Normal were called forward and each addressed the meeting strongly and appropriately. Those speaking at some length were, Judges Galbraith, Bolen, McKeel and Furman, and Rev. Rippey, J. W. Davis and W. H. Ebey. One of the speakers referring to the labors of the Ada committee and our state representatives made particular reference to the splendid and unselfish services of our fellow townsman, Mr. W. H. Ebey. These worthy expressions complimentary to Mr. Ebey were received with enthusiastic and prolonged applause. Several motions were entertained, discussed and some passed looking to the very best organization for the contest. It was determined that Ada's opportunities to secure a great institution for Ada should not be hampered on account of lack of funds to conduct a legitimate and active candidacy before the legislature. It was decided with much enthusiasm, that there should be held at the county court house Monday night a grand and concert rally the features of this rally will be select musical renditions by Ada's superb band and other musical artists of this city.

The meeting continued in session until the noon hour. W. H. Ebey arrived from Guthrie a short time before adjournment and intensely interested his fellow townsman by a recital of what could be divulged with propriety of the situation at Guthrie as referred to Ada's ambitions. It was made known that Ada would receive a public hearing from the full committee on public buildings next Tuesday evening, the club selected several to be in Guthrie at this time and represent Ada's interests. Judge Furman, Hon. W. C. Duncan, Rev. Rippey and Judges Galbraith and Bolen if they can attend, will represent Ada before the committee of the legislature.

Much approval and pleasure was expressed by the meeting that A. J. Mossman, Ada's talented building constructor, was in charge of Ada's exhibit at the Ione hotel. It was the unanimous sense of the meeting that Mr. Mossman should remain in Guthrie continuously if possible.

The best we can say of the Patricia Wright company is, they increased their business every night here. New plays, with the best of comedy and specialties is what Mr. Wright gave us and the houses were well filled. The Republican, Emporia, Kansas Ada, April 13.

OKLAHOMA SENATOR TELLS OF GREAT ADVANCEMENT.

New State Not Afraid of People's Rule — Urges Aggressive Efforts to Throttle Trusts.

Bridgeport, Conn., April 10 — United States Senator Owen of Oklahoma delivered an address today before the Bridgeport Board of Trade. Senator Owen told of the rapid growth of his state and also touched upon national issues. An abstract of his address is as follows:

Oklahoma's rank in the union is twenty-third in population, fifteenth in area; ninth in the production of horses and mules, cotton seed products and corn; seventh in the production of cotton and of the first rank in the quality of its people.

Its population is increasing faster than any other portion of the United States. Just in degree as you have selected and perfected the best ideas from other nations and made them your own, so in Oklahoma have we obtained the most self-reliant, the most courageous, the most industrious and faithful sons of other states and welded them into the mass of our citizenship.

In writing the organic law of Oklahoma, our people had before them the constitution of every state in the union and of every civilized country in the world. It was the purpose of the people of our state to establish two things: first, "The people's rule in Oklahoma;" second, in addition to the inalienable rights of life, liberty and the pursuit of happiness, to establish "The enjoyment of the gains of their own industry."

This latter right is today the greatest political issue in the civilized world and one which will not be settled until it is settled right, until the right of some men by combination or monopoly to take away from other men the rewards of their labor shall have been controlled within due bounds.

People's Rule in Oklahoma.

In order to bring this about the first step was to establish the "people's rule." An in order to establish the "people's rule" the first step necessary was to be assured that the candidate for office was in a willing frame of mind.

The campaign was waged over the country in a large measure over the "initiative and referendum" on the slogan, "let the people rule." Who is there in these days that does not understand the petty rascalities of the machine politics and its disastrous influence over the opinions of men as to the uprightness of our government, and the possibility of upright government. Machine foundation makes almost unavoidably, bad government. It leads most inevitably to the promotion of selfish men, who are in politics purely for selfish purposes, and as a consequence we find that our government has slowly drifted to a point where selfish interests have control of our laws and have established a code of laws by which the greatest principle of the declaration of independence has been made a nullity.

PLENTY TO EAT. Plenty of Speaking on the Program.

Inadvertently the News failed to give an account of the Laymen's Banquet of Thursday night. We were there, however, and enjoyed it immensely.

Most credit is due the good and never-failing women of the Methodist church. They prepared as thoroughly and served as gracefully the best five course repast that ever a man encountered. The good things kept coming and from the way those laymen put away course after course it became evident that they had been fasting forty days and forty nights. But if a hearty laugh is good digestive tonic, no one will complain of trouble in this respect, for after dinner speakers in the persons of Goddard, Rippey, Jr., Howell and Kirtley. Their remarks were strong, well selected and well said. They instructed their hearers and entertained them. Bro. Goddard spoke on "The Layman's Movement"; Bro. Rippey the "Brotherhood of Man"; "Harrel, A Visit With the Governor"; and Kirtley, "Ada's Normal Prospects." Pastor Rippey presided.

The hour was late when the banquet was over, and all who went enjoyed it.

GORE GRABS PRESIDENT

MAKES CAMPAIGN CONTRIBUTION CHARGE—LIABILITY BILL PASSED.

Washington, April 4.—The bill relating to the liability of common carriers by railroads, passed by the house of representatives on April 6, was today passed by the senate without amendment and without a division. It is ready for the president's signature.

Senator Gore of Oklahoma took a hard rap at President Roosevelt during discussion preceding passage of the bill, which embraced extended references to campaign contributions by railroad men and especially to the Harriman contribution to the Republican party fund of 1904.

Taking a letter from his pocket, Senator Gore said he wished to read it as throwing light upon the subject under consideration. The paper proved to be a copy of a letter dated October 14, 1904, recently published, which began, "My Dear Harriman" and was signed, "Theodore Roosevelt."

Mr. Gallinger, addressing his question to Mr. Bacon, asked if he thought it was right to introduce the name of the president in this debate. "I am not responsible," said Mr. Bacon, "for bringing in the president."

Mr. Gore quickly responded that he did not think the president should write a letter he was unwilling to have read. Later Mr. Gore said in regard to the Roosevelt-Harriman letter that he was responsible for the reading of the letter to the senate.

"I would rather be responsible for the reading of that letter," he said, "than responsible for the writing of it."

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative. The Restorative is a genuine tonic to tired, run-down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oftentimes weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by G. M. Ramsey.

FACULTIES SELECTED BY BOARD

REGENTS ANNOUNCE FULL LIST OF EDUCATORS IN STATE NORMAL SCHOOLS.

Guthrie, Okla., April 4.—During the session of the state board of normal school regents held here a complete faculty was chosen for each of the three state normal schools. Both democrats and republicans have been employed, the board exercising its judgment upon a basis of qualifications rather than upon political bias. The presidents, vice presidents and teachers are among the best of teaching fraternity and their special training in the departments assigned to them guarantees to the state a regime of superior merit.

Presidents Walter L. Ross of the Northwestern Normal at Alva, and J. F. Sharp of the Southwestern Normal at Weatherford are retained, and J. A. McLaughlin of Mahanum is selected as president of the state normal at Edmond.

WOULD AID LAW ENFORCEMENT.

Dinwiddie Declares Anti-Saloon League Will Back State, County and Municipal Officials.

Oklahoma City, Ok., April 6.—Enforcement by the state, county and city officials of the prohibition law will be backed up by the anti-saloon league all over the state and a permanent organization will be maintained until the fight is won according to E. C. Dinwiddie, executive head of the prohibitions forces in the state.

The anti-saloon league won't have to hire any special detectives or lawyers to win the prohibition enforcement fight in Oklahoma. The state league will do all that and the anti-saloon league will simply back up the officers, said Dinwiddie today. The fight is a warm one and the anti-saloon league will not discontinue headquarters nor leave the field until the fight is won. I have been asked to take charge of the fight.

work of the campaign, and expect to accept. Rev. J. J. Thompson, superintendent of the western division of the league, and Rev. Sweet, who held a like position, is in the eastern part of the state, have resigned, and only one general office will be maintained. The executive board met here today to plan a campaign.

TAFT MENTIONS BRYAN: CHEERS.

Louisville Audience of Secretary-Candidate-Prospective Gives Applause to Name of Nebraskan.

Louisville, Ky., April 10.—Secretary of War Taft ended an eventful and busy five hours in Louisville by a speech tonight at the Hopkins theater. The secretary arrived in Louisville at 2:50 p. m. and after a rapid ride down town from Crescent Hill was given a public reception at the Galt House. After dinner at the residence of Hon. Marshall Bullitt, the secretary addressed an overflow meeting in front of the theater.

"We have before us," said the Secretary, "a campaign presenting many serious issues. Some others are not so important, but are being kept alive by the gentleman who, I presume, will head the democratic column Mr. Bryan. I presume speaks for the democratic party."

At the mention of Mr. Bryan's name there was vigorous applause. When they had become quiet Secretary Taft smilingly said:

"I am glad to note that there appears to be a number of democrats disguised as followers of Mr. Bryan in the house. I hope they will stay and hear a little sound doctrine."

Amid laughter and cheers the secretary then launched into a discussion of the policies of McKinley and Roosevelt administrations in regard to the acquisition and government of the Philippines, and other colonial acquisitions as a result of the Spanish American war.

Rheumatism

I have found a tried and tested cure for Rheumatism. Not a remedy that will straighten the twisted limbs of chronic cripples, nor cure their growing back to flesh again. That is impossible, but I can now surely kill the pains and cause of this deplorable disease.
In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfect, dependable prescription. Without that last ingredient, I successfully treated many cases of Rheumatism; but now, alas, I can no longer cure all curable cases of this terrible, wretched disease. Those cases the doctor wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And there, when dissolved, this potent remedy was freely passed from the system, and the cause of Rheumatism is removed. I have seen many cases of Rheumatism cured in this manner.
